

Indagationes Mathematicae

Dear Editor,

Please find attached for your kind review our adapted manuscript entitled "A note on the gaussian maximal functions".

We have addressed all the comments made by the anonymous referee, and in addition we have:

- added a reference for the statement in formula (1);
- replaced all $-t^2 L$ with $t^2 L$ to match the use suggested in comment (6).

Look forward to your favorable consideration.

Most sincerely,
